

## REMARKS

In the Office Action mailed November 30, 2005, the Examiner indicated that this application is in condition for allowance except that in the specification on page 5, line 33, "The traverse rack 34" should be changed to --The lateral slider 40--.

The specification has been reviewed and it is agreed that the phrase "the traverse rack 34" is inaccurate. Accordingly, the specification has been amended at page 5, line 33 by substituting --chamfered guide piece 45-- for "traverse rack 34", because this recitation is believed to be more accurate than the recitation suggested by the Examiner.

In view of the above amendment and remarks, it is respectfully submitted that the present application is in condition for allowance and an early Notice of Allowance is earnestly solicited.

If after reviewing this Amendment, the Examiner believes that any issues remain which must be resolved before the application can be passed to issue, the Examiner is invited to contact the Applicant's undersigned representative by telephone to resolve such issues.

Respectfully submitted,

Yoshiharu KAGAWA
